- 2 President's Corner: We're Alive
- 2 Committee Reports

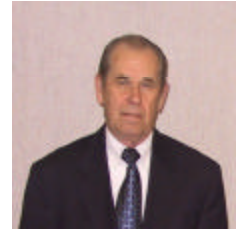

AFC Member Profile

Al Reynolds

*Human Performance
Technologist*

U.S. Navy Human
Performance Center

AFC Member Since 2004
Alfred.Reynolds@navy.mil

Al has a long and distinguished career in serving his country. He retired from the Air Force with 22.5 years with a specialty in aircraft maintenance. He also taught in the Air Force technical schools and at local community colleges and holds a Florida state teacher's license. Al is a certified FAA airplane & power plant mechanic and holds the Automotive Service for Excellence certification.

Al has spent the last 27 years as a DoD Navy civilian with specialties in training analysis, HPI analysis, and database development. Al currently is the Enlisted JTA Leader at the Human Performance Center N77 department, which includes involvement with the 5 Vector Model, standardization, and data mining. Al also assists the Navy Learning Centers and HP Detachments through the HPC reach-back support.

Al lives in Orlando, FL with his sweetheart of 48 years! He has 6 children and 9 grandchildren. Al's familiar face is seen all over the USA at many, many different meetings.

AFC Officers Swearing In

Sandra, Kim, and Aaron stand as Don Tosti swears them in to office. Special thanks to Jim Driggers for capturing this moment.

COMMITTEE REPORTS

Getting Organized and Taking Action!

If you would like to get involved, send a brief note to Sandra Ogden to volunteer.

- ❑ **Website** – the new web site is posted. There are still a number of improvements to make, but the basic site is up and running. More help is needed to implement the planned enhancements; volunteers wanted!
 - Stephanie Roberts
- ❑ **ISPI Conference** – Las Vegas is coming. Working on agenda, room, speakers, etc.
 - Jim Craumer
- ❑ **USCG Conference** – Conference in Sept. Might be some issues that limit AFC participation. More to come soon.
 - Jim Craumer
 - Susan Whitemountain
 - Joellen Mitchell
- ❑ **Marketing and Communications** – no report
 - Larry Reaves
- ❑ **Local Chapter Collaboration** – Now forming
 - Aaron Bolin
- ❑ **WITSEC Conference** – on hold till 2006

President's Corner

It's Alive! Now What?

Since revitalization efforts began in November of 2004, I have focused all of my efforts on the single-minded goal of reestablishing the Armed Forces Chapter as a vibrant ISPI entity.

When ISPI president Don Tosti swore in Sandra, Aaron, and me to make us official, I wanted to relax and revel with our membership in the sense of collective accomplishment. I felt like Dr. Frankenstein must have felt when lightning struck and finally brought his monster to life. Imagine my surprise when a fellow AFC member raised her hand and asked, "Now what?"

I wanted to apologize to our members for not being able to answer on the spot. If I could travel back in time to that moment, I would tell her about all of the wonderful things that our AFC monster is going to do. I would tell her about the partnerships we are building within the ISPI community to make it easier for our members to network. I would tell her about the AFC website, AFC involvement with conferences, AFC plans to offer continuing education for CPT certification, and AFC advocacy for our members. It might be awhile before our monster can tap dance, but the heart is beating and the vital signs all look good!

WE'RE ALIVE!
